

AN ACT relating to the use of public resources.

WHEREAS, one of the primary purposes of government is to use the police power to protect the weak and vulnerable from the threat of exploitation and violence;

WHEREAS, Planned Parenthood, founded by Margaret Sanger, a proponent of the eugenics movement which sought to limit the "mentally and physically defective," is a recipient of millions of dollars of government aid and is the leading provider of abortions in the United States;

WHEREAS, the commercial sale of human fetal tissue is illegal under federal law;

WHEREAS, recent undercover interviews with Planned Parenthood officials revealed the callous negotiation of sale prices to purchase body parts of unborn children; that some body parts of babies partially delivered were sold for medical research; that, on one occasion in the investigative videos, as organs were being harvested, the abortionists candidly identified the unborn child as a "baby;"

WHEREAS, the objective of protecting unborn life is expressly stated in Kentucky statutes. Specifically, KRS 311.710(5) states in relevant part that "if...the United States Constitution is amended or relevant judicial decisions are reversed or modified, the declared policy of this Commonwealth to recognize and to protect the lives of all human beings regardless of their degree of biological development shall be fully restored." Moreover, KRS 311.715 states in part that "no public funds shall be used for the purpose of obtaining an abortion or paying for the performance of an abortion;"

WHEREAS, Planned Parenthood receives public, taxpayer funding in the Commonwealth of Kentucky, and such barbaric practices as revealed in the recently publicized videos should result in the removal of all funds from this organization to the fullest extent permitted by federal law;

NOW, THEREFORE,

Be it enacted by the General Assembly of the Commonwealth of Kentucky:
